SkillShark

Neil Anderson
Founder/President
neil@skillshark.com
306-742-7540

www.skillshark.com

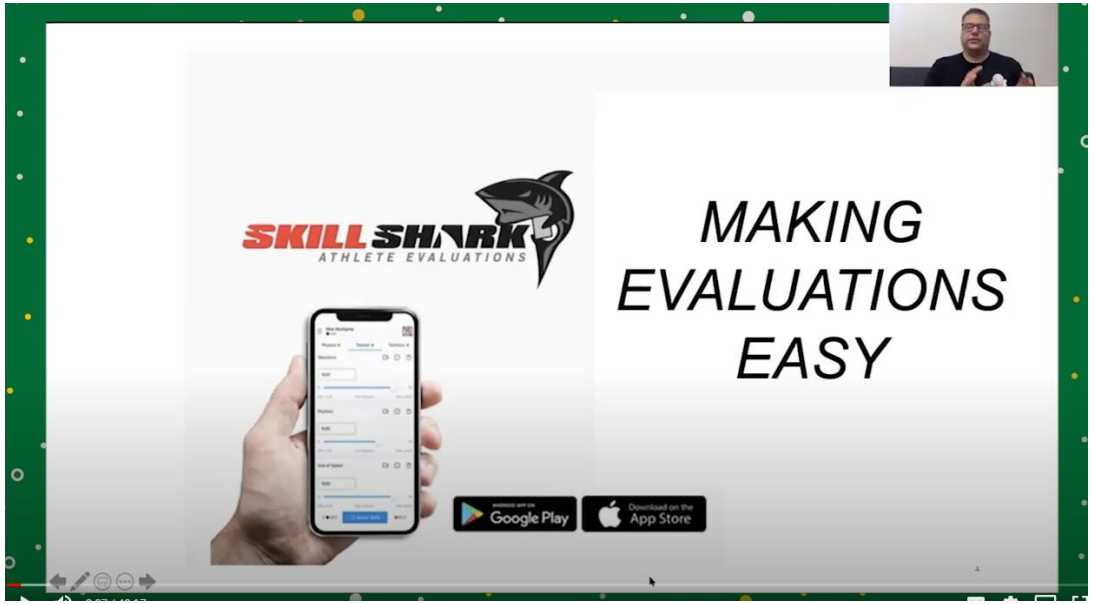
https://www.linkedin.com/company/skillshark/

Company Description

SkillShark is an athlete evaluation software that allows coaches and evaluators to use pre-built templates to assess and track players with the touch of a button.

The SkillShark mobile app and web platform can instantly create reports and rankings for coaches. SkillShark allows organizations to put the pen and paper away for a better evaluation process.

Company Pitch



Vize

Hailey Schwabe
Co-founder
hailey.schwabe@vizelabs.ca
306-313-5453

www.vizelabs.ca

https://www.linkedin.com/company/vize-labs/

Company Description

Vize makes remote teams perform better.

Vize integrates with data collaboration sources to enable organizations to conduct advanced people analytics.

Company Pitch

Rivercity Innovations

Lance Pitka
CTO
lance@rivercityinnovations.ca
306-540-4682

www.rivercityinnovations.ca

https://www.linkedin.com/company/rivercity-innovations/about/

Company Description

Rivercity Innovations delivers world class IoT solutions for business and consumer clients, including GPS tracking and engineered LoRa sensors, temperature monitoring, cold-chain monitoring, and other data driven requirements using the SaskTel and Rivercity LoRa networks.

Rivercity has grown into an electronic manufacturer and software design firm.

Company Pitch

ServiceBox

SERVICEBOX

Jon Clifford
CEO
jon@jobbox.com
306-536-9939

www.getservicebox.com

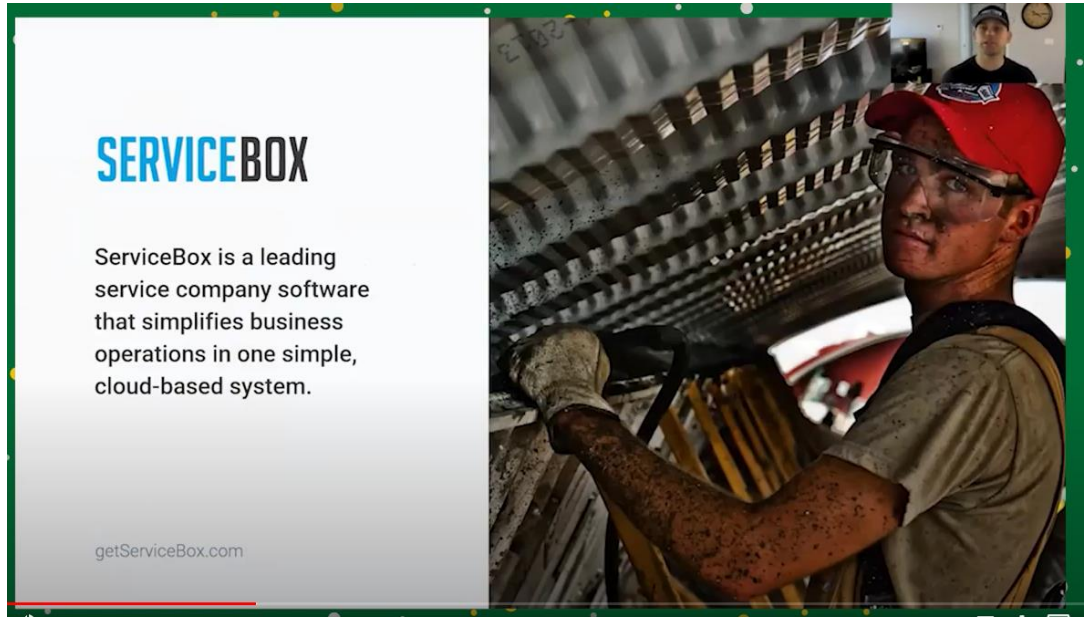
https://www.linkedin.com/company/getservicebox/

Company Description

Jobbox Software has developed a cloud-based field service management software called ServiceBox.

ServiceBox streamlines operations and improves business processes such as quoting, work orders, scheduling, maintenance, invoicing, payments, and timesheets to save its customers time and money.

Company Pitch



FIX IT UP

Brad Fekula
President
brad@fixitup.repair
306-550-5678

www.fixitup.repair

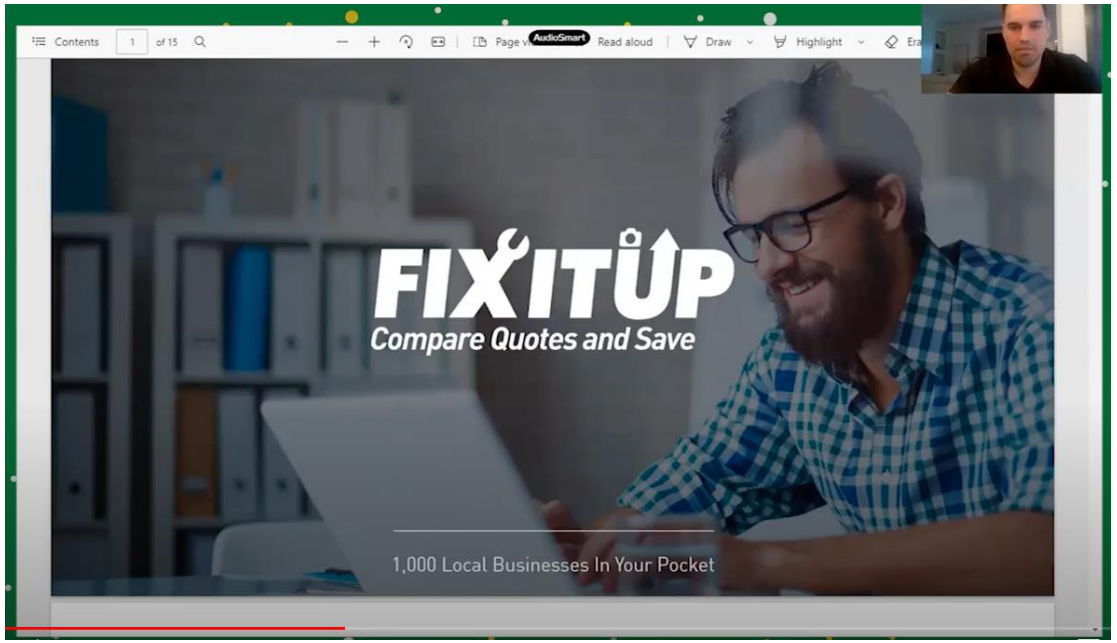
https://www.linkedin.com/in/fix-it-up-canada-0516021a5/

Company Description

FIX IT UP is a cloud-based platform that gives organizations the ability to go from a webpage to a mobile automated platform for all their quoting, help line, and emergency services.

FIX IT UP makes the process safe and convenient for customers allowing them to post pictures for trouble shooting and to access emergency service representatives based on location proximity.

Company Pitch



Hyon

Kirsty Ehman
CEO/Founder
kristy@hyon.ca
306-581-0880

www.hyon.ca

https://www.linkedin.com/company/hyon/

Company Description

Hyon Software brings ease and transparency to commercial surplus assets.

Hyon keeps items in circulation and out of landfills through a transparent platform that includes technology for quick image uploads, real-time inventory management, a verified network of sellers to negotiate on marketplaces, reporting for charitable donations, and digital payments for secure and clear disbursement of funds.

Company Pitch

Offstreet

Matt Fahlman
CEO/Co-founder
matt@joinoffstreet.com
306-535-8315

www.joinoffstreet.com/

https://www.linkedin.com/company/offstreet-technology/about/

Company Description

Offstreet Technology builds parking management software to digitize parking permits. Their cloud-based platform integrates monthly permit management, invoicing, and compliance onto one platform.

Offstreet drastically reduces the amount of administration work needed to manage a parking facility while eliminating plastic and paper waste.

Company Pitch

SaskLander

Sauvelm McClean
Co-founder
smcclean@westernheritage.ca
306-292-6280

www.sasklander.ca/

https://www.linkedin.com/company/sasklander/

Company Description

SaskLander is an online service that manages private rural land access. It allows landowners to set and schedule allowable activities.

SaskLander provides updates of who is on land and why. Hunters, surveyors or even archaeologists can contact landowners directly and request permission to access land.

Company Pitch

Prairie Robotics

Sam Dietrich
CEO
sam@prairierobotics.com
306-540-9705

www.prairierobotics.com

https://www.linkedin.com/company/prairie-robotics/about/

Company Description

Prairie Robotics is focused on making recycling simple! The company outfits recycling collection trucks with cameras, GPS and onboard computers and uses machine learning to identify items that are not recyclable.

This data is tied directly to each household to enable targeted education specific to that household's needs. Beyond analyzing recycling, Prairie Robotics sees a great opportunity to leverage recycling collection vehicles as mobile data centers.

Company Pitch

Hugr

Daren McLean
CEO
daren@territorial.ca
306-717-5713

www.hugr.ca

https://www.linkedin.com/in/darenmclean/

Company Description

Hugr is a digital prevention solution for mental well-being. Hugr empowers organizations to support employees in actively developing and maintaining authentic social connections to promote psychological well-being.

Hugr Authentic Connections is a mental wellness app designed to help people feel connected. The self-guided digital program can help employees measure their level of social connection, discover how to build and maintain authentic connections, and regularly share how they're feeling with those closest to them.

Company Pitch

BetterCart

Melanie Morrison
CEO/Founder
melanie@bettercart.ca
306-270-9907

www.bettercart.ca

https://www.linkedin.com/company/bettercart/

Company Description

BetterCart Technologies provides advanced grocery price analytics to retailers and food and beverage manufacturers.

BetterCart offers real-time and historical pricing for every grocery stock keeping unit (SKU). It helps companies of all sizes understand their competitive landscapes, respond faster and more precisely to rival threats, and increase their profit margins and market share.

Company Pitch

Citrus Technologies

Andrew Gottselig
CEO/Founder
andrew@citruscamps.com
306-581-1974

www.citruscamps.ca

https://www.linkedin.com/company/citrustechnology/

Company Description

Citrus Technology develops solutions for managing youth programs.

The Citrus platform provides methods to manage events, increase engagement with attendees and their families, and provide feedback through reporting and analytics.

Company Pitch

Variable

Tyson Liske
VP Growth & Development
tyson@variablehub.com
306-540-4380

www.getvariablehub.com

https://www.linkedin.com/company/variable-hub/about/

Company Description

Variable is scalable, cloud-based software that provides real-time control of an organizational ecosystem, from top-to-bottom.

Variable simplifies and streamlines credential management, employee and volunteer training, and process management. The software enhances connectivity and collaboration through secure communication.

Company Pitch

EchoLotto

Paul Burch
CEO/Co-founder
paul.burch@echolotto.com
306-596-0690

www.echolotto.com/

https://www.linkedin.com/company/echolotto/about/

Company Description

EchoLotto digitizes the 50-50 raffle process minimizing the need for paper tickets and volunteer hours.

Organizers spend more time enjoying their events, all while raising more money for their chosen charity. All this, while adhering to licensing regulations, making it fun, legal, and secure for everyone.
